SLVHS Football "Zero Tolerance" Policy & Equipment Policy

San Lorenzo Valley Football has a "zero tolerance" policy towards alcohol, drugs and tobacco. The policy states that if any player (9th-12th) is found to be in possession of or using alcohol, drugs or tobacco during the course of the football season (August 18 to the season end), he will be automatically dismissed from the team with no chance of reinstatement during that playing year.

Top quality equipment is issued free of charge to all students playing football. Player and parent/guardian assume responsibility for the return of all SLVHS issued football equipment. Failure to return any issued item will result in charges covering cost of replacement (cost of the average equipment issued is \$600.00). These charges will be held against

By signing this document, I hereby understand and agree to the above terms.
